Jafron Business Highlights

Jafron Biomedical (SZ 300529) released the annual financial report on April 12th, in which a continuous performance is recorded under the challenging circumstances of the COVID-19 pandemic.

In 2021, the consolidated revenue ended at \$421 million, with a year-to-year growth of 37.15%, generating a net profit of \$188 million, an increase of 36.74% from 2020.

With the vision of "Health Technology for a Better World," Jafron will continuously step forward to serve patients and support health providers worldwide.

Talent Dynamics

Welcome on board, Shalinder Bernard, our Business Director and Country Head of India, with more than two-decade experience in the medical device industry, especially in the Renal and Critical Care business. Looking forward to improving the application of high-quality adsorption therapies and patient care in India.

Two international forums, "One_to_One-Living Well with Dialysis Global Kick-off Webinar" and "Leading in Hemoperfusion-International Forum on Blood Purification in Critical Care," hosted by Jafron, were successfully held on April 21st and April 26th. Live link: www.jafronclub.com
